Key Problem

Where is the gap & what is the opportunity?

Aim of this innovation

- Growth of HITH in NSW – new models
- Going beyond “avoidable admission” DRGs
- Reducing variation
- Standardisation – “we are all in the same business”

Key Changes

- Investment \$7 million
- NSW Gap Analysis
- Costing HITH in NSW
- Promoting Models of Care
- Purchasing

Outcomes so far

- Standardisation, improved data
- Guidelines for managing CAP
- Principles of Paediatric HITH
- Principles of working in RACFs
- Principles of sub-acute HITH care - palliative care and rehabilitation
- Collaboration
